

I'm not robot!

This is an RPG game that features ancient battles. It gives you a rare chance to travel back to ancient times and explore the Grand Gaia. Additionally, you must fight fierce monsters to rescue trapped people who are at risk of death. As such, you must employ special fighting techniques to defeat the enemies. Are you up to the task? Download Brave Frontier for Android to test your skills! An interesting Gameplay Brave Frontier is set in the mythical land of Grand Gaia. This world has been in turmoil for long due to prolonged battles between human beings and gods. People devastated by the mysterious gods and unpredictable attacks. They need a saviour to help them circumnavigate the problem. And the person to deliver them from the mess is you! As such, you'll be engaged in role-playing battles to exterminate your enemies. In each battle, you must command your army (of 5 heroes and pets) to fight against a common enemy. The battles will be excruciating, and you'll only win if you invoke wits and solid teamwork. Once you complete a mission, you must defeat the bosses to complete the level. You'll have at least 100 quests to complete against fierce enemies including God of Decay Zurg, Mad God Zebra, and Cardes the Malevolent. Proven Tips for Winning the Game If you want to complete many quests, you must be tactical by attacking when your enemy least expects it. Additionally, you should utilize the Brave Burst feature of the game. This provides you with extraordinary damaging power which increases your chances of defeating your adversaries. Finally, you should keep upgrading your fighting power. For example, the Super Brave Burst will give you immense power that'll annihilate your enemies fast. Unique Features of Brave Frontier Over 400 characters with unique abilities Six elements to choose from including Water, Thunder, Dark, Light, Earth, and Fire Exclusive rewards such as Karma, gems, and Zel Easy to upgrade and customize your characters and weaponry Online PvP matches Super quality 3D graphics Brave Frontier Mod Apk Free Download The modded Brave Frontier has better features that'll surely enhance your gaming experience. Some of the outstanding qualities include: Menu Mod Dmg multiple Defense multiple 0 energy cost Parades free access Monsters low atk 65k zel reward each quest 65k karma reward each quest Brave burst pre loaded Warehouse space increased to 65k items drop x99 Free access to super mega metal parades Free access to super mega jewel parades All quests unlocked All lands unlocked Conclusion If you love fighting games, then Brave Frontier is a must-have game for you. Even better, you can download Brave Frontier for Android to enjoy every gaming moment at the comfort of your couch. The game has easy controls and incredibly entertaining challenges that'll leave you yearning for more gaming time! Download the latest version today and experience an unmatched gaming experience. You can discover a brand-new gaming mechanic that will shift the fight scales in your favor. Join the game with Dual Brave Burst! Partners' first nine pairs right away and enjoy. Updated on April 27, 2022 App Name Brave Frontier Genre RPG Size 58.54MB Latest Version 2.19.6.0 MOD Info Mega Menu Get it On Rating 4.2/5 (9 votes) Download APK (58.54MB) Explore this article Brave Frontier (MOD, Multi Features) summons heroes from the Holy Queen to the Goddess Inferno in the world of Grand Gaia with over 500 quests. Final Fantasy, King of Fighters or Brave Frontier are the most popular RPG games on mobile that perhaps any player knows. Although a few years ago, when new technologies were developed and applied to the game, big monuments like Brave Frontier still didn't show up in the audience. And Brave Frontier will be the content we learn in this article. Favorite RPG titles? Do you love unique Anime graphics? Do you like thrilling, engaging stories? Brave Frontier will not disappoint you. Brave Frontier is set in ancient times at the planet Grand Gaia. The war between people and gods broke out, causing many devastations, and traumas. Behind all these troublesome things is a goddamn man. He has caused disgust, causing the gods to feel disrespectful. The city of Randall, the center of the war, is very chaotic, and all destruction comes from here. Amidst the chaos, a god from another world appeared. Will this war end? In the grueling confrontation between the sexes, you will be the guardian god from another world, participate in the war and reconcile both the people and the gods who are becoming blind. But apparently, your reconciliation has no weight, and you need to show your tactical power and talent and win them. So, to do this, you need to build a powerful army. Because Brave Frontier is a role-playing game, with tactical elements, the character system is very diverse. You can find more than 400 characters, divided into different classes and sources of energy. Specifically, there are four classes as follows: Fire, Earth, Thunder, and Water. Each class has warriors of different powers, such as gladiator, dharmaguard, archer, etc. But together, the point is that the warrior classes of each different class will overcome each other. Water, for example, fights Fire, Fire against Earth, Earth against Thunder and Thunder against Water. It all forms an extremely diverse tactical system, creating a good environment for you to show your tactical thinking abilities. In addition to tactics, you also need to consider the character strength of the character. Use gold coins to upgrade and improve their fighting ability. The warriors in the same class, which have high attack stats, will probably have an advantage, right? In terms of gameplay, the Brave Frontier follows a turn-based combat style. Every time it is your turn, the player will tap on the skills on the screen, select the character to develop attacks on the enemy. Until either team is destroyed, the game screen ends. In addition to plot mode, you can also join PvP battles with other players in the same system, or join a fight in Cross Brave Burst mode and develop amazing skill effects. Don't miss this fascinating game. Download APK (58.54MB) We replaced some download links to download Moddroid APK. You can download Brave FrontierWith a faster download speed. MODDROID app has more complete contents than MODDROID websites. Your Comment (0) Submit comment this game is no longer in app store no longer supported @ this game was my childhood nice nice Buen juego, es facil farmear cristales, buena historia, los eventos son muy buenos y los crossovers usualmente te daran nostalgia. ? ☺
